Nutrient Test Activity (13/04/2024)

Class - 6B

Subject - Science

An activity guided by Mr. Ravindra Sahu. The learning objectives is to test for nutrients such as carbohydrates and proteins using different food items. To conduct the protein test, students used copper sulphate, observing the change of the dal powder to a violet color indicating the presence of protein. For the carbohydrate test, iodine was added to the dal powder, with the absence of a blue-black color change indicating the absence of carbohydrates. This hands-on experiment aimed to reinforce understanding of how to detect specific nutrients in food items through chemical reactions.

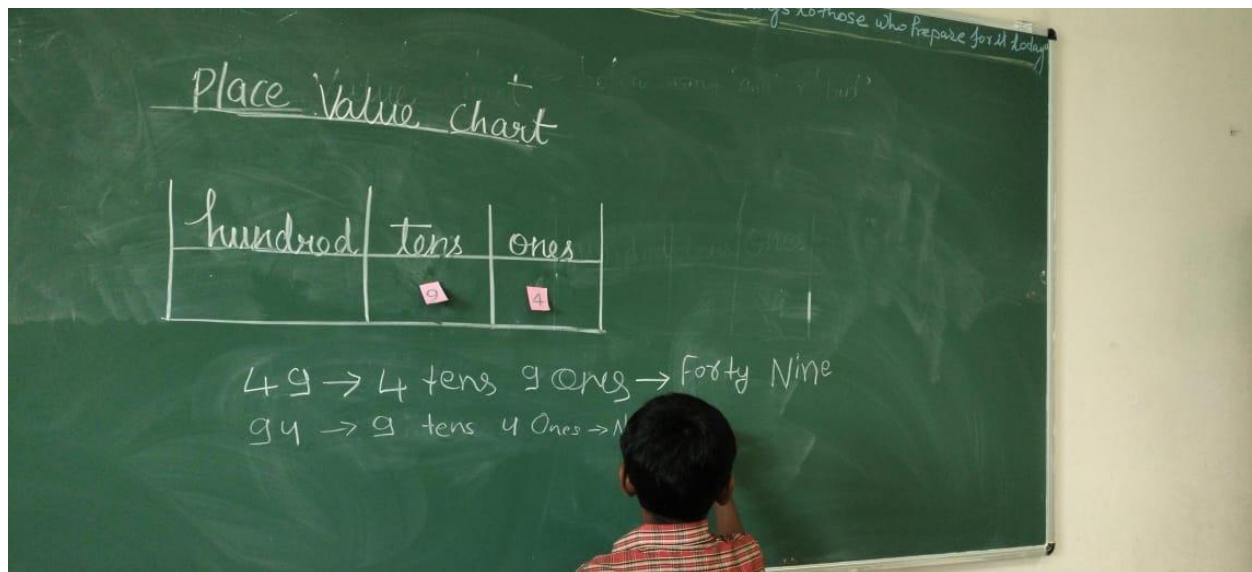

Number Name Activity (13/04/2024)

Class - 4B

Subject - MATHS

An activity guided by Miss. Yasha Shivhare. In a grade 4 activity focused on understanding place value and number naming of two-digit numbers, students engaged in hands-on learning to strengthen their mathematical skills. They explored how numbers are composed of tens and ones, emphasizing the significance of each digit's position in determining the overall value of the number. By using manipulatives like number cards or blocks, students were able to physically represent and manipulate numbers, enhancing their comprehension of place value concepts. Additionally, through exercises in number naming, students practiced expressing numbers in words, reinforcing their ability to articulate numerical values verbally. This activity fostered a deeper understanding of fundamental mathematical principles while promoting active participation and conceptual learning.

NUMBER NAME (hands-on activity) (15/04/2024)

Class - 5B

Subject - MATHS

Material Use - flash cards and stones

An Activity led by Miss. Yasha Shivhare. The students were divided into two groups to engage in a hands-on activity: one group used number cards, and the other group used stones to interact with a circle diagram. Following this, they placed the numbers on a place value chart and identified the corresponding number names.

STAY MOTIVATED AND STUDY HARD

Study hard and work hard because all the late night and early mornings will pay off.

The struggle you're in today is developing the strength you need for tomorrow.

Push harder than yesterday if you want a different tomorrow.

Stop doubting yourself, work hard and make it happen.
