SOFTBOARDS

These soft boards are an important teaching tool in the classroom. It not only serves as the class notice board displaying important information, but also provides the children a medium to express their creative ideas. Besides learning to meet deadlines and the importance of teamwork, such activities also help to train children to be more responsible towards themselves, their surroundings and school property.

Your Safety is Our Top Priority

We are taking extra precaution against COVID-19 to help protect our student and staff.

A Smart School Life to Prevent COVID-19

Open windows often to let fresh air in and clean your desk regularly.

- Occasionally open the windows for your health and that of your friends. Especially, do so right after arriving at school and during break, lunchtime, and clean-up time!
- Clean your own desk regularly.

This is how your school life should be:

- Always wear a mask during classes and breaks.
- Wash your hands often.
- When coughing or sneezing, cover your mouth and nose with your sleeve.
- Avoid physical contact, such as holding hands.
- Do not let others use your personal belongings.

Be considerate to your friends during lunchtime.

- In the school cafeteria, line up at double arm's length apart from each other.
- Do not talk while eating.
- Take off your face mask right before eating your meal and put it back on immediately after.

If you are feeling ill, tell your teacher.

- If you have fever, sore throat, cough, or runny nose, tell your teacher right away.
- If your friend becomes a confirmed case, do not panic; just follow your teacher's instructions.

Reduce your risk of COVID-19

Clean your hands often

Cough or sneeze in your bent elbow – not your hands!

Avoid touching your eyes, nose and mouth

Limit social gatherings and time spent in crowded places

Avoid close contact with someone who is sick

Clean and disinfect frequently touched objects and surfaces

Stay motivated and study hard

Education is one of the most powerful things in life. It allows us to find the meaning behind everything and helps improve lives in a massive way.

Start where you are. Use what you have. Do what you can.

Education gives us an understanding of the world around us and offers us an opportunity to use that knowledge wisely.

An investment in knowledge pays the best interest.
