ADANI VIDYA MANDIR, SURGUJA

ADANI VIDYA MANDIR, SURGUJA

Adani Vidya Mandirs are truly 'The Ideal Temples of Learning' for those children, who are blessed with talents; but face economic disadvantages. Adani Foundation nurtures these talented students and provides them cost free high quality education with complimentary support in transport, uniform, books and healthy meals.

ENTRANCE

Morning Assembly

Morning School assembly is such a mirror of any school that shows a clear and clear picture of the physical, educational, social, mental, cultural and spiritual environment of that school. Before starting every new work in life, almost all of us pray to our God in our mind for the accomplishment of that work and only after that work can be generated only by starting reading with the beginning assembly.

Winners

Best of luck for state level

Classroom

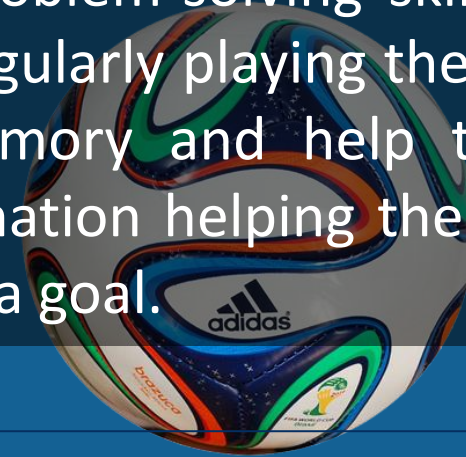

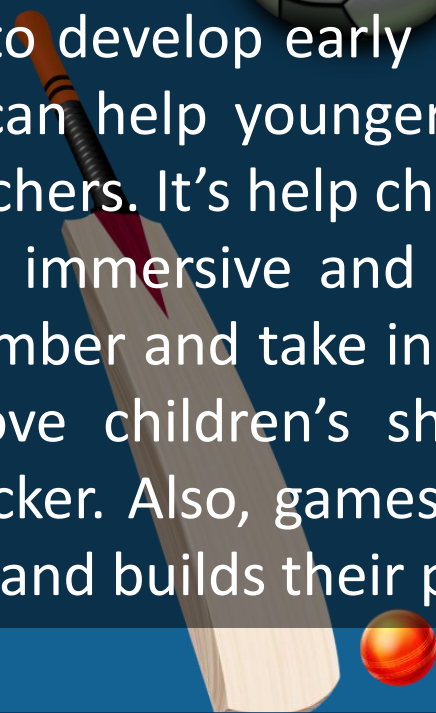

Games

A great source to develop early learning skills for younger children studies have shown that certain games can help younger children improve early reading skills with the support of parents and teachers. It's help children to learn in a more engaging way.

Games that are immersive and require strategy and problem-solving skills to win, require players to remember and take in a lot of information. Regularly playing these types of games can help improve children's short and long-term memory and help the brain process information quicker. Also, games capture players' imagination helping them to stay focused on certain tasks and builds their perseverance to achieve a goal.

Indoor Games

Outdoor Games

Music Class

The well organized sound that discovers rasa is called music. The Word 'Music' is originated from singing, playing and dancing. It is the blend of these three elements. People listen to music not only for entertainment but also for other benefits. Presently, most scientists make use of it for treating various kinds of diseases. It is the panacea for all troubles of life.

Computer Lab

Students, faculty and staff have access to the computer labs, which provide the tools and technologies to edit papers, complete class assignments, communicate via email, conduct data analyses and access library resources. Microsoft Windows software is available for word processing, statistics, spreadsheets and database management. A variety of graphics and website-creation software programs are also available..

Parents Teachers Meeting

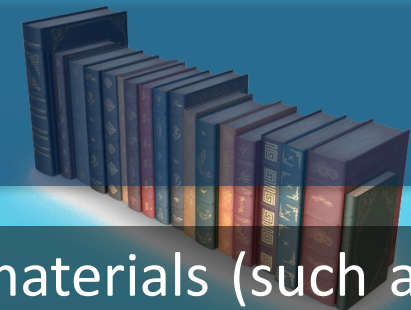

Library

Library is a place in which literary, musical, artistic or reference materials (such as books, manuscripts recordings or films) are kept for use but not for sale. It is a place to gain knowledge. Our library started in session 2017-18 in which 2000 books are available including periodicals. Reader's club is a part of our library which is specially for teachers. We celebrate every year "World Book Day" on 23 April and International School Library Month in the month of October.

Chemistry Lab

This laboratory has all the necessary equipment for preparation of samples and standards for various analyses of liquid and solid samples. The laboratory houses traditional equipment including glassware, fume hoods, a muffle furnace, centrifuge, aggregate mill, and ovens.

The Chemistry Laboratory conducts fundamental studies of highway materials to understand both failure mechanisms and superior performance.

Physics Lab

Evening Remedial Classes

Rangoli Competition

Website

May this Diwali light up new dreams, fresh hopes, undiscovered avenues, different perspectives, everything bright & beautiful, and fill your days with pleasant surprises & moments. Happy Diwali.

HAPPY DIWALI

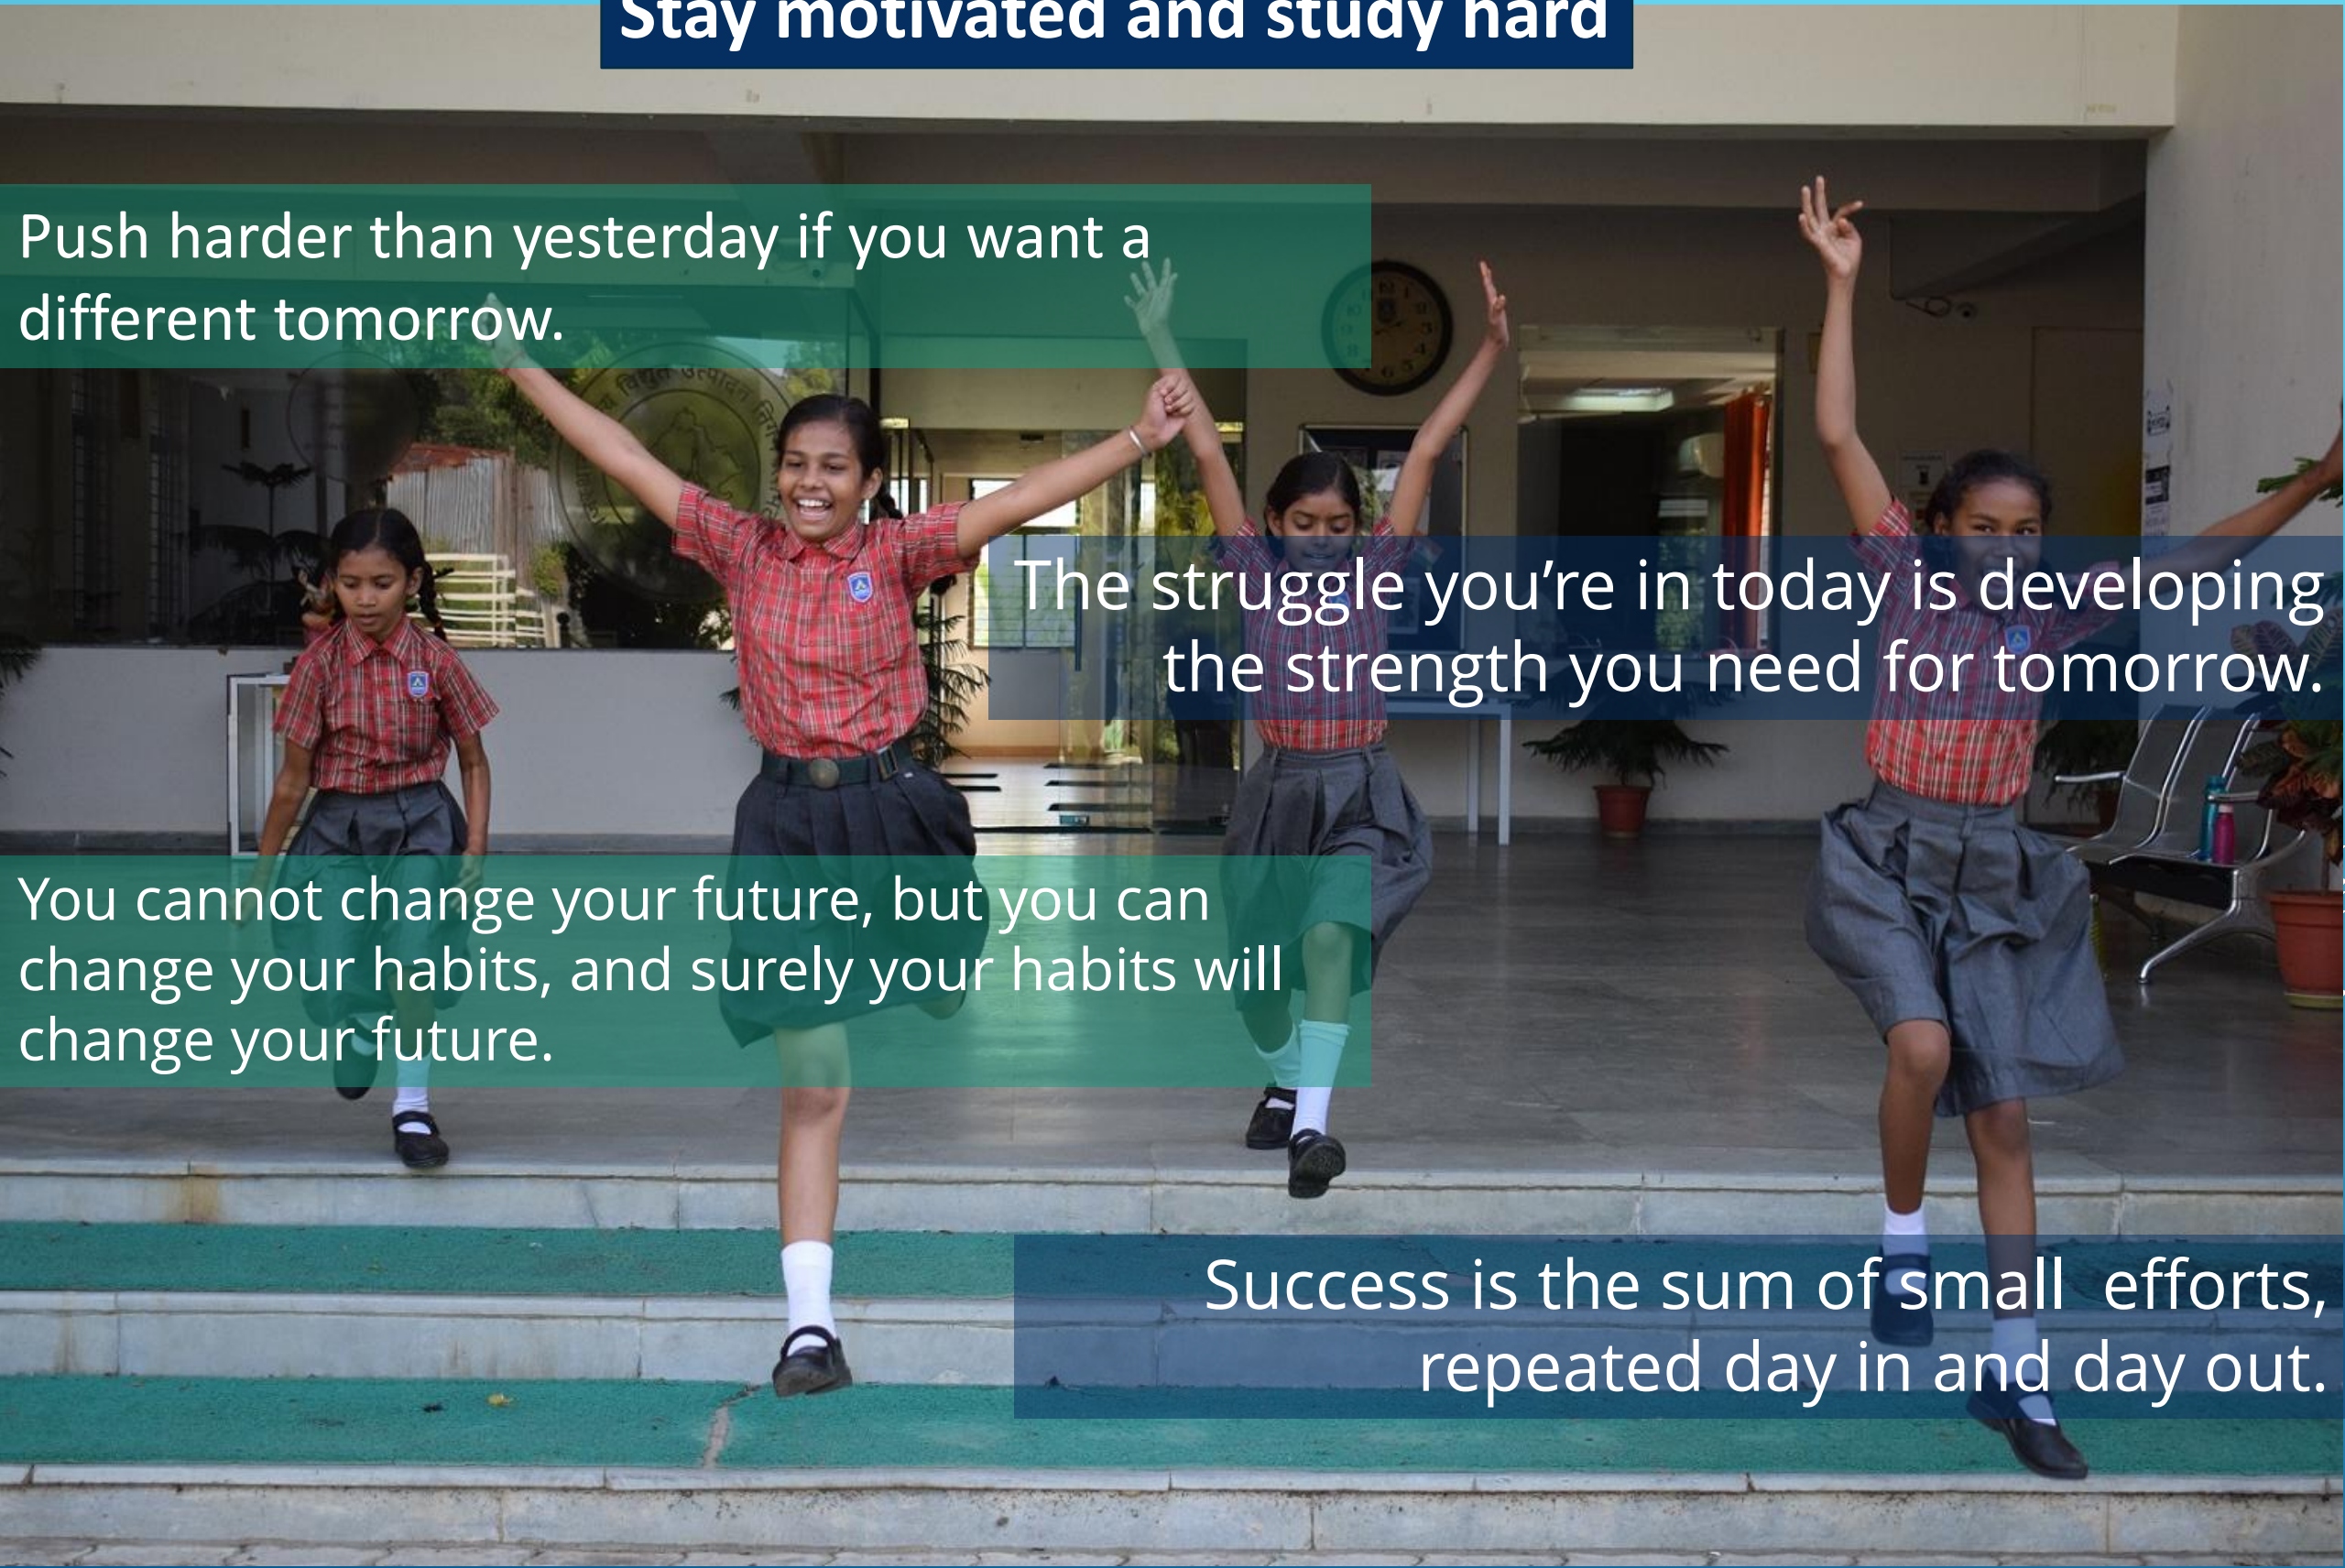

Stay motivated and study hard

Push harder than yesterday if you want a different tomorrow.

The struggle you're in today is developing the strength you need for tomorrow.

You cannot change your future, but you can change your habits, and surely your habits will change your future.

Success is the sum of small efforts, repeated day in and day out.
