Theme – Collaboration and Teamwork

Karma Puja Celebration | 2nd Sep 2025

Karma Puja was celebrated in our school on 2nd September 2025 during the morning assembly. Students presented a beautiful dance performance depicting the cultural significance of the festival. The celebration highlighted the rich traditions and values associated with Karma Puja and filled the atmosphere with joy and devotion.

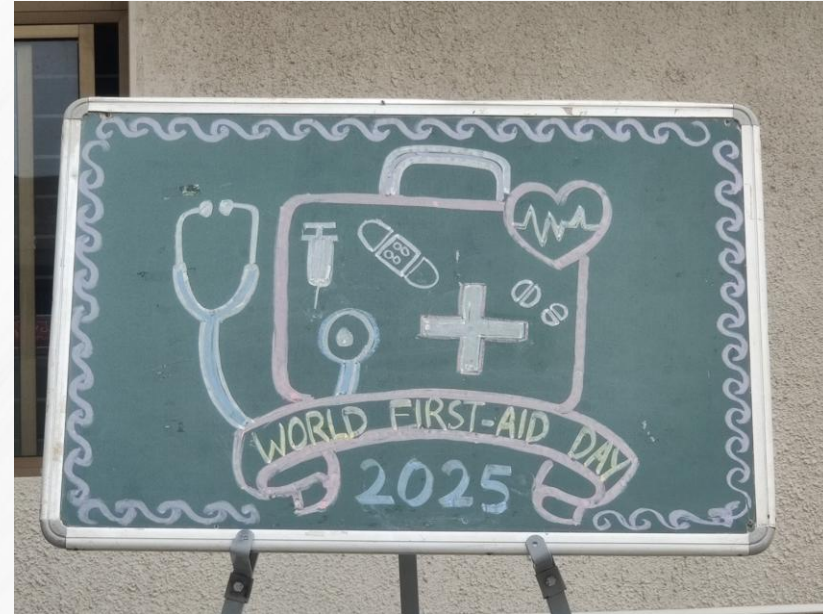

Teachers Day Celebration | 5th Sep 2025

Teachers' Day was celebrated in our school on 5th September 2025 with great enthusiasm. The celebration was graced by the presence of teaching staff and the principal from the nearby government school, AVMS teaching and MDM staff, and staff from Mines. Students presented delightful performances including dances and speeches to express their gratitude towards teachers. The staff members also shared inspiring thoughts on the significance of the day. The celebration concluded with the distribution of gifts to all staff members as a token of appreciation.

World First-Aid Day | 11th Sep 2025

World First Aid Day was celebrated in our school during the morning assembly. Students performed an informative activity showcasing a First Aid Box and explained the purpose and use of each item it contains. The activity helped everyone understand the importance of First Aid and how timely help can save lives. It was a valuable learning experience for all.

Hindi Week Celebration | 13th Sep – 18th Sep 2025

Hindi Week was celebrated in our school from 15th to 20th September 2025 with great enthusiasm. Various activities were conducted during the morning assembly, including speeches, slogan presentation, and a short drama in Hindi. Classroom activities such as Essay Writing Competition and Jeevan Lekhan Competition were also organized. Our Honorable Principal, Vice Principal, and teachers addressed the students in the morning assembly, highlighting the importance and richness of the Hindi language.

World Ozone Day Celebration | 16th Sep 2025

Ozone Day was celebrated in our school on 16th September 2025 during the morning assembly. A team from the Mines organized a drawing competition on this occasion. Our Principal delivered an inspiring speech highlighting the importance of protecting the ozone layer.

Winners of the Drawing Competition:

1st Position: **Kalpna Korram** (Class 7A)

2nd Position: **Ragini Armo** and **Bhu Bharati** (Class 8A)

3rd Position: **Nishu** (Class 6)

The event created awareness among students about the need to safeguard our environment.

Health Checkup at AVMS | 18th Sep – 26th Sep 2025

A Health Check-up Programme was organized in our school from 18th to 26th September 2025. A team of doctors from Mines visited the school and conducted physical health check-ups of students from Classes 1 to 8. The doctors also provided necessary treatment and health advice to the students. The programme helped in ensuring the good health and well-being of all students.

International Day of Sign Languages | 23rd Sep 2025

International Day of Sign Languages was celebrated in our school on 23rd September 2025 during the morning assembly. Students performed an act to demonstrate the use and importance of sign language in communication. The activity helped create awareness about inclusivity and respect for the hearing-impaired community.

Dussehra Celebration at AVMS

Dussehra was celebrated with great enthusiasm in our school during the morning assembly. Students dressed up as Lord Ram, Sita, Laxman, Hanuman, and Ravan to present an inspiring act showcasing the victory of good over evil. Along with this, students also performed a beautiful dance, which added to the festive spirit of the celebration.

STEM for Bharat – Class 8 Activity | 17th Sep – 25th 2025

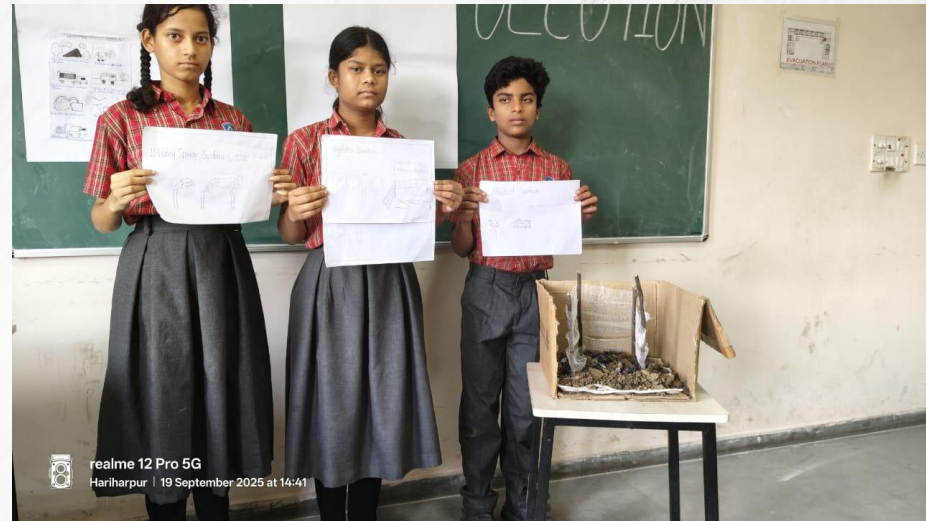

Adani Foundation, in collaboration with NIE Singapore under NTU and supported by Temasek Foundation, is strengthening STEM education in India. This initiative aligns with NEP 2020 and NCF 2023, empowering teachers with 21st-century skills and building a strong STEM curriculum framework.

As a part of this journey, Class 8 students of Adani Vidya Mandir Surguja, successfully completed a STEM project on the theme:
“Air Pollution: Reducing Air Pollution in Coal Mines Area”

The activity included topic introduction, data presentation, SDG linkage, KWL, assessment, and prototype design. Students not only gained knowledge but also presented innovative solutions for environmental sustainability.

Together, we are transforming classrooms into hubs of creativity, innovation, and future-ready learning.

This learning journey will surely help them build a strong foundation for the future while nurturing a sense of environmental responsibility.
